

We are delighted you are considering enrolment into the CFP® Certification Program. To help you with your pathway toward CFP Certification, here are the education entry requirements. If you have completed your studies or are planning to study a course (or a combination of courses) which does not appear on the FASEA list, you can apply via [New Admission](#)

## CFP® Certification Program Education Entry Requirements

A FASEA-approved academic degree (advanced standing may apply) listed in the [Relevant Providers Degrees, Qualifications and Courses Standard Determination](#) released by FASEA.

These include bachelor degrees, graduate diplomas and master degrees

OR

\*An Australian financial degree with a Diploma of Financial Planning or (RG 146) equivalent

OR

\*A non-related finance degree or International degree with an Advanced Diploma of Financial Planning or equivalent

OR

\*An Advanced Diploma of Financial Planning or equivalent and working towards your degree

OR

Have completed eight (8) subjects from a FASEA-approved Master degree (Graduate Diploma)

*\*Education pathway valid until 2024*

OR

Enrolled in an Integrated Masters + CFP Program with a partner institution

### Undergraduate degrees

All bachelor degrees listed in FASEA's Relevant Providers Degrees, Qualifications and Courses Standard Determination automatically satisfy the education requirements to become a Financial Planner AFP® and prepare you for entry into the CFP® Certification program, without the need for a bridging program.

### Postgraduate qualifications

If you do not hold an approved undergraduate degree but have industry experience, you can enroll into an approved postgraduate qualification. A FASEA-approved course will be a minimum of a Graduate Diploma. You can progress to a Masters degree to meet CFP Certification program entry (with advanced standing for CFP 2, CFP 3 and CFP 4 in most cases) or add CFP 1, CFP 2, CFP 3 or CFP 4 to achieve a "Masters equivalent" to meet the degree requirement. Some education providers will allow you to count FPA study towards a Masters as "cross credits".

## Recognition of Prior Learning and the CFP® Certification Program

The FPA provides recognition of prior learning into the CFP Certification program to individuals who are able to demonstrate the likelihood of successfully achieving the CFP Certification outcomes AND provide evidence of either:

- FASEA-approved postgraduate learning
- completion of coursework to attain a Professional Designation

The FPA **will not** provide RPL for.

- Work experience
- Financial planning education qualifications below an AQF level 8 Graduate Diploma
- Non-financial planning / finance-related postgraduate qualifications

If you hold a FASEA-approved postgraduate degree, you may be eligible for advanced standing for FPA's technical units of CFP 2, 3 and 4 units. Advanced standing is available for CFP 1 if you have successfully completed a FASEA-approved Ethics Bridging Course AND have completed the FPA's Know Your Code Online Module. No advanced standing is available for the final CFP Certification unit.

Exemptions for the CFP1, CFP 2, CFP 3 and CFP 4 are only available for postgraduate studies. The FPA reserves the right to refuse exemptions based on exemptions e.g. where the exemptions are not based on completion of postgraduate subjects completed.

## Obtaining RPL into the CFP Certification Program units

### CFP 1 FPA Professionalism

Students who have completed either a:

- FASEA-approved Ethics Bridging course OR
- Ethics unit in a current, FASEA-approved postgraduate degree

will be given RPL for CFP 1 unit, provided they complete the FPA's Know Your Code Online module.

### CFP 2 Applied Strategies 1

Students are able to receive RPL into CFP 2 if they:

- Completed all the relevant units of a FASEA-approved postgraduate degree with an RPL agreement with FPEC will be given RPL for CFP 2
- Completed the specified units of a FASEA-approved postgraduate degree to receive RPL into CFP or CFP 2 (see List of Required Units to Receive RPL for CFP 2, 3 and 4)
- Are a current member of CPA Australia / Institute of Chartered Accountants in Australia and have completed their professional financial planning specialisation education requirement and hold the designation.

## CFP 3 Applied Strategies 2

Students are able to receive RPL into CFP 3 if they:

- Completed all the relevant units of a FASEA-approved postgraduate degree with an RPL agreement with FPEC will be given RPL for CFP 3
- Completed the specified units of a FASEA-approved postgraduate degree to receive RPL into CFP or CFP 3 (see List of Required Units to Receive RPL for CFP 2, 3 and 4)
- Are a current member of CPA Australia / Institute of Chartered Accountants in Australia and have completed their professional financial planning specialisation education requirement and hold the designation.

## CFP 4 Investment Strategies

Students are able to receive RPL into CFP 4 if they:

- Completed all the relevant units of a FASEA-approved postgraduate degree with an RPL agreement with FPEC will be given RPL for CFP 4
- Successfully completed the Certified Investment Management Analyst (CIMA certification and hold the designation
- Successfully completed the Certified Financial Analyst (CFA) certification and hold the designation
- Are a current member of CPA Australia / Institute of Chartered Accountants in Australia and have completed their professional financial planning specialisation education requirement and hold the designation.

## CFP Certification Unit

RPL is not available for CFP Certification Unit. Should the candidate enter the program through the CFP cross border arrangement, the candidate only needs satisfy the requirement of CFP 1 and take the CFP Certification examination.

## Students with 'Related' postgraduate degrees

Students with 'related' postgraduate degrees may gain RPL into CFP 4. To be awarded RPL for CFP 4, the student must:

- Request their education provider to map relevant completed postgraduate subjects to CFP 4. Contact [education@fpa.com.au](mailto:education@fpa.com.au) for more information on this.
- Submit the completed mapping together with the relevant subject guides. Note that evidence of completion must still be presented.

Once submitted, the FPA will forward the submitted documents to FPEC for determination.

**NOTE:** Attempting the CFP C unit becomes significantly difficult if you receive RPL for any of the CFP certification units. The chances of failing the CFP C unit is higher for those who received RPL for CFP 1 to 4 than those who have attempted the other units.

## Approved Degree List

The graduates of the following FASEA-approved programs will receive advanced standing for CFP 2, 3 and 4 units. To gain advanced standing, you must complete (via course work) ALL mandatory units/subjects listed below. You may also refer to the [Relevant Providers Degrees, Qualifications and Courses Standard Determination](#) for further information.

## CFP® CERTIFICATION PROGRAM

Approved Degree List

---

### Additional Information

#### **FPEC Determination on student's commencement period of an accredited degree**

The Financial Planning Education Council (FPEC) determines that a student who started the degree while the degree is accredited will have an accredited degree even if they finish when the degree is no longer accredited.

An exception to this rule occurs when the approved program is in 'teach-out- mode and students complete the remaining units via other non-FPEC approved providers. This will not constitute an approved degree. In this case, the student should contact the Financial Adviser Standards and Ethics Authority (FASEA) to have their transcripts reviewed.
